This syllabus contains the policies and expectations I have established for INFO 3130. Please read the entire syllabus carefully before continuing in this course. These policies and expectations are intended to create a productive learning atmosphere for all students. Unless you are prepared to abide by these policies and expectations, you risk losing the opportunity to participate further in the course.

**Course Description**
This course is designed to introduce students to the use of Information Systems (IS) as an essential tool for conducting business in an increasingly global economy. The emphasis is on the conceptual foundations underlying the design, control, and operation of IS and how IS provide organizations with competitive advantages.

**Course Objectives**
Managers today have increasing responsibility for determining their own computer based information systems (IS) needs and for designing and implementing information systems that will support their decision making. By the end of this course, students will be able to:

- Describe the IS terminology used to support business.
- Develop an understanding of IS, their conceptual and technical foundations, users, components, missions, and capabilities.
- Get acquainted with both conventional, as well as state-of-the-art, information technologies, and understand how to apply them to support management decision making.
- Develop critical thinking skills for solving business problems with IS.

**General Education Objectives**
Students will demonstrate the ability to leverage technology in a dynamic business environment:

- Students will demonstrate the ability to manipulate data within spreadsheets.
- Students will demonstrate knowledge of the use of information systems.
- Students will demonstrate knowledge of information systems privacy and security issues.
- Students will demonstrate knowledge of the use and impact of emerging technologies.
- Students will demonstrate the ability to transfer knowledge from one technology to a new technology.

**Prerequisites**
MATH 1120; STAT 1220; ACCT 2121, 2122; ECON 2101, 2102; INFO2130; Junior Standing

**Class Meeting Mode**
This course will be delivered in-person. If any adjustments need to be made, some lectures may
be changed to an asynchronous format. All students will be notified of any change in advance via the announcements section.

**Course Material**

**Required textbook**

**Supplemental Material**
Lecture slides, assignments, and additional course materials will be posted in Canvas.

**Course Grading**
The course is designed to engage you in class activities. All students are expected to meet regularly every Tuesday and Thursday. The sessions will include lecture time as well as time for demonstrations, applications, discussion, polls, and problem-solving. Try to manage your schedule and time for activities or assessments by the due dates.

Each student can earn a maximum of 1000 (100%) by completing the required tasks successfully. A letter grade will be awarded at the end of the semester as your final grade based on your total points.

<table>

</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>1000</strong></td>
</tr>
</tbody>
</table>

Final letter grade will be calculated based on the following scale:
- A: 900 points and above;
- B: 800-899;
- C: 700-799;
- D: 600-699;
- F: below 600.

The course grades are posted on Canvas for informational purposes only. The official overall grade is computed and kept in the instructor's grade book.

**Exams**
There will be three equally weighted exams (600 points in total). The format of exam questions will consist of multiple-choice and true/false questions. The exams will be closed book and notes and timed.

There will also be an optional comprehensive final exam. Student may take and use it to replace the lowest grade from the three exams. Please be advised that if you do not take the final exam, your final grade will reflect your performance on the first three exams and the other course elements. Please read more details about this exam in the exams policy part of the syllabus.

The submission type of all exams is individual. Collaboration between or among students are prohibited and students must follow UNCC’s Code of Student Academic Integrity
(https://legal.uncc.edu/policies/up-407). The instructor will keep all exams. However, exam reviews are available during office hours or by appointment for seven days after exam grades are posted.

**Quizzes**
There will be eight quizzes (70 points in total) to be completed in class. The quizzes usually cover topics which have been completed or topics to be discussed that day. Quizzes are open-book and notes. Each quiz will be available on Canvas for a specified period of time. A missing quiz will result in a grade of zero for that quiz. There is NO MAKE UP for any quiz, irrespective of the reason for a student missing the quiz, since the lowest quiz will be dropped. The best-performing student(s) for each quiz will get extra credit. No extra credit opportunities will be provided after the last day of class.

**Assignments**
Students need to complete three individual hands-on assignments (180 points in total) to connect your learning to professional.

These assignments will be submitted to Canvas by the start of class on the due date. Assignments submitted after the due date/time will be considered late. In the case of a late submission on the same day, 20% of the points earned from the submission will be deducted. Failing to submit the assignments by the due date will lead to a zero (0) for the assignment. Completed assignments cannot be reopened and assignment due dates cannot be extended for individual students.

All the assignments must be done individually unless otherwise specified. Each student must develop his or her own solutions for the assigned homework. A student may not use or copy (by any means) another’s work (or portions of it) and represent it as his/her own. Any academic misconduct, if proven, will result in student getting a grade of zero (0) for the assignment at a minimum with a possibility for further disciplinary action.

**Group Project**
Students will form a group of five members to complete a group project (100 points). Each group will complete a presentation on an IS topic. The group project consists of four deliverables:

- Group formation
- Project proposal
- Group presentation
- Project report

All project deliverables are due at the beginning of the class on the scheduled dates and must be submitted on course canvas. Detailed group project and presentation instructions will be provided on Canvas. Peer reviews will be factored into the final grade.

**Class Participation**
Class attendance (20 points) will be taken AT RANDOM in class during the semester. A student’s attendance grade is the percentage of attendance multiplied by 20. A student’s attendance percentage based on this random attendance is factored into the final grade for class participation. For a class to be considered an excused absence, a printed or electronic note from the related authority is required within a week of the missed class.

Students are encouraged to have active participation in class discussions. The participation is rated in the following scale: 10 (rare participation), 15 (occasional participation), 25 (regular participation), 30 (exceptional participation). As part of the class participation, each student will be expected to team up with another student to give a short presentation (~5 minutes) on a self-
selected article or case study on IS. The group assignment and presentation schedule will be determined by the instructor. The article presentation will be typically scheduled toward the end of each class session. Detailed presentation instructions will be provided on Canvas separately.

I expect every student to read the textbook and other posted materials prior to each class session. Students must be prepared to answer questions on the “current” topic.

Class Policies

Exams Policy
Three semester exams and a cumulative final will be administered. The cumulative final exam can be considered optional as the lowest score between your 3 exams and the final exam will be dropped. A total of three exam grades (200 points each) will used in the final grade calculation. Students may choose to take all four exams and drop the lowest. Please be advised that if you do not take the final exam, your final grade will reflect your performance on the first three exams and the other course elements.

Example: Student A scored 170, 180, and 190 points on their first three exams for a total score of 540 points. By electing to take the final, the score of 170 could be replaced by a better score on the final but the final will NOT negatively impact their grade if they score less than 170. If they elect not to take the final, they will receive 540 points for their exam performance for the semester.

Should a student miss an exam, that student will receive a grade of zero (0) for that exam. No early or make-up exams are allowed (unless under unusual circumstances) since you can replace a lower exam grade with the optional final exam. If you miss an exam you can take the optional final exam to replace the zero for that exam. There will be no make-up for the comprehensive final. Make-up exam accommodations will NOT be given except in cases of serious medical emergencies as evidenced by a written doctor’s excuse. Permission must be obtained from the professor prior to the scheduled exam time. If a student is allowed to retake a missed exam, they must schedule and retake the exam within three school days.

Exams are closed book and notes, no exceptions. Questions on the exams will be taken from the assigned readings of texts, class lectures, discussion, and/or assignments. Exams are a form of intellectual property belonging to those who create them. Therefore, the exam materials must remain in the instructor’s possession or control. Exams may not be copied, shared, or uploaded to any third-party website for any reason. Failure to abide by this requirement will be considered theft of intellectual property. Such action will result in an exam grade of zero (0) and may warrant further disciplinary action.

Attendance and Participation Policy
Students are expected to attend every class on time and to stay for the duration of the class when it is safe to do so in accordance with university guidance regarding COVID-19 and monkeypox. Failure to attend class or arriving late may impact your ability to achieve course objectives. Tardiness or early departure is strongly discouraged in this class. Arriving late (more than 10 minutes) to the class and leaving early before the lecture is completed without notifying the instructor prior to the start of class will impact (reduce) a student’s overall class participation grade.

An absence, excused or unexcused, does not relieve a student of any course requirement. Regular class attendance is a student’s obligation, as is a responsibility for all the work of class meetings, including tests and written tasks. You are responsible for all lecture material regardless of whether you attend each class or not. Please note that office hours are not to be used as a substitute for class attendance.
Students are encouraged to work directly with the instructor regarding their absence(s). If you are unable to attend class due to illness, please notify your instructor immediately and seek instructions to help you continue to make progress in the course. The specific instructions for this situation will be provided on a case-by-case basis. The final decision for approval of all absences and missed work is determined by the instructor. For extended absence, students should work through Student Assistance and Support Services.

The United States Department of Education requires UNC Charlotte’s Office of Financial Aid to determine if a student who receives financial aid and fails to earn a passing grade in a course has actually attended and/or completed the course. Because regular attendance is not taken for this course, the date your professor will report as your last date of attendance will be the latest of the following:

- The date you last participated in an online discussion or activity;
- The date you last submitted an assignment/project/exam/quiz; or
- The date you last initiated contact with me to ask a question about the course.

If you earn an F or U grade, your last date of attendance will be reported to the U.S. Department of Education. This may require you to pay back any financial aid funds received for this course. (For additional information, see Last Date of Attendance FAQs on Registrar's website.)

Class Delivery Method
This class will use the face-to-face mode when it is safe to do so in accordance with university guidance. Only in rare situations may a faculty member alter course delivery. Faculty do not have the authority to make course format changes informally without consultation with their dean and/or department chair.

Class Behavior Policy
Disruptive behavior distracts from the ability of others to profit from their in-class experience. Such behavior includes but is not limited to arriving late, leaving early, having side conversations, making unnecessary comments that add no value to the class, surfing the net, and any activities that negatively impact the ability of other students to learn and/or listen in class.

Laptop and Webcam Requirements
All students taking business courses, which includes all students in this class, are required to have their own personal laptop computer, with a working webcam and microphone.

- It is each student's responsibility to have a working laptop that meets the minimum requirements in accordance with the Belk College Laptop Policy, has the required course software installed, and is ready for classroom usage.
- It is each student’s responsibility to have their laptop charged and ready for usage prior to class time. Students should expect that charging of devices may not be possible during class time. Therefore, battery life should be sufficient to last through an entire class period.

This course may require you to use a webcam for class sessions and/or assessments. Classes and assessments may be conducted using Zoom or other technology selected by your instructor which may use your computer's webcam or other technologies to communicate, monitor, and/or record classes, class activities, and assessments.

Assessments may also be conducted using proctoring software, which may listen to you, monitor your computer screen, view you and your surroundings, and record (including visual and audio recordings) all activity during the proctoring process. Please contact your instructor if you are unable to comply or have any questions or concerns.
Electronic Devices in Class
Use of computing, communication, or other devices during the class time for any purposes other than those required for the class is prohibited. This includes the use of laptops, lab computers, phones or other devices for Internet browsing, game playing, reading news, emailing, texting, chatting, IM, Facebook, or other activities not required for the class. Except in emergencies, those using such devices must leave the session for the remainder of the class period and the class participation grade will be impacted.

The use of cell phones, smart phones, or other mobile communication devices is disruptive, and is therefore prohibited during class sessions and exam periods unless being used as a part of Poll Everywhere or at the instructor’s discretion.

The instructor has the discretion to allow and regulate the use of personal devices in the classroom. If you are asked to put your device face down or away, you must do so. Approved devices must be in silent mode while in the classroom, unless otherwise allowed by the instructor. Devices not approved must be silenced AND stored away during class.

Use of Canvas
Canvas will be the website for course information and primary communication channel for this class. You may access UNCC Canvas from My UNC Charlotte (https://my.uncc.edu/) or direct type canvas.uncc.edu. It’s each student’s responsibility to check Canvas regularly and report anything that does not match your own record (e.g., missing or wrong grade) within 10 calendar days since the date the information was posted.

Extra Credits
Extra-credit opportunities, if any, will be the instructor’s decision and such opportunities will be presented to the whole class instead of individual students only. Please do not depend on any extra credit opportunities to improve your grade later in the semester.

Team Work
For group activities, each team is responsible for organizing itself, dividing up the work, and deciding how relative contributions should be measured. It is your responsibility to promptly inform the instructor of any dysfunctional team dynamics and to solicit his help.

All team members must

- participate in all team activities equally,
- strive to maintain positive working relationships with other team members,
- assist team members to resolve issues relating to group work, and
- freely express their ideas, thoughts, comments, and constructive criticisms to their team members, me, and the class.

It is the responsibility of the team to ensure that all team members understand all concepts related to the completed projects and presentations.

University Policies and Student Support

Niner Nation Cares
All students must follow the updates and instructions posted on http://ninernationcares.uncc.edu. For your own health and safety and that of your friends and families, make sure to adhere to the health and safety guidelines posted on the above links. Please do not treat these guidelines lightly.
Academic Integrity
All students are required to read and abide by the Code of Student Academic Integrity. Violations of the Code of Student Academic Integrity, including plagiarism, will result in disciplinary action as provided in the Code. Definitions and examples of plagiarism are set forth in the Code. The Code is available from the Dean of Students Office or online at https://legal.uncc.edu/policies/up-407.

Students assume full responsibility for the content and integrity of the academic work they submit. The guiding principle of academic integrity shall be that a student's submitted work, examinations, reports, and projects must be his/her own or own group work.

For this course, it is permissible to assist classmates in general discussions about the homework. General advice and interaction are encouraged. Each person, however, must develop his or her own solutions to the assigned homework and laboratory exercises. Students may not "work together" on graded assignments. Such collaboration constitutes cheating, unless it is a group assignment. A student may not use or copy (by any means) another's work (or portions of it) and represent it as his/her own.

Any further specific requirements or permission regarding academic integrity in this course will be stated by the instructor, and are also binding on the students in this course.

Student Support
The details of student support resources available are provided at the following links.
- Academic support: https://ninernationcares.uncc.edu/students/academic-support.
- Health support: https://ninernationcares.uncc.edu/health-support-services
- IT support: https://help.uncc.edu/

Grade Appeals Policy
If you believe that the grade you received on an assignment or an exam was in error or unfair, you can appeal to the professor in writing within 7 calendar days of posting the grades. The appeal should clearly state the reasons why you believe the grade to be unfair or the nature of the error. Overdue appeals will not be considered.

Withdrawals
Students are expected to complete all courses for which they are registered at the close of the add/drop period. If you are concerned about your ability to succeed in this course, it is important to make an appointment to speak with me as soon as possible. The University policy on withdrawal allows students only a limited number of opportunities available to withdraw from courses. It is important for you to understand the financial and academic consequences that may result from course withdrawal.

Incomplete Grade Policy
Receiving a grade of incomplete ("I") is not based solely on a student’s failure to complete work or as a means of raising his/her grade by doing additional work after the grade report time. As per university policy, incomplete grades will be granted when a student who is otherwise passing has not, due to circumstances beyond his/her control, completed all the work in the course. The missing work must be completed and the final grade reported within one calendar year from the date on which the “I” grade was recorded. The instructor assigning the “I” grade may specify a shorter time than one year for completion of the work and the assignment of a final grade. If the “I” is not removed during the specified time, a grade of “F”, “U”, or “N”, as appropriate is automatically assigned. The grade of “I” cannot be removed by enrolling again in the same course, and students should not re-enroll in a course in which they have been assigned the grade of “I”.
Class Recording
Electronic video, audio recording, image capture, or picture-taking is not permitted during class unless the student obtains permission from the instructor. If permission is granted, any distribution of the recording is prohibited. Students with specific electronic recording accommodations authorized by the Office of Disability Services do not require instructor permission; however, the instructor must be notified of any such accommodation prior to recording. Any distribution of such recordings is prohibited.

Disability Accommodations
Students in this course seeking accommodations to disabilities must first consult with the Office of Disability Services and follow the instructions of that office for obtaining accommodations. UNC Charlotte is committed to access to education. If you have a disability and need academic accommodations, please provide a letter of accommodation from Disability Services early in the semester. For more information, contact the Office of Disability Services at 704-687-0040 or visit their office in Fretwell 230.

Diversity and Inclusion
The Belk College of Business strives to create an inclusive academic climate in which the dignity of all individuals is respected and maintained. Therefore, we celebrate diversity that includes, but is not limited to ability/disability, age, culture, ethnicity, gender, language, race, religion, sexual orientation, and socio-economic status.

Mental Health Services
It is common for college students to experience challenges that may interfere with academic success such as academic stress, sleep problems, juggling responsibilities, life events, relationship concerns, or feelings of anxiety, hopelessness, or depression. If you or a friend is struggling, we strongly encourage you to seek support. Helpful, effective resources are available on campus at no additional cost.

• Visit the Counseling and Psychological Services website at caps.uncc.edu for information about the broad range of confidential on-campus mental health services, online health assessments, hours, and additional information.
• Call CAPS at (704) 687-0311 if interested in scheduling an appointment with a counselor. After-hours crisis support is also available through this phone number.

Title IX Reporting Expectations
UNC Charlotte is committed to providing an environment free of all forms of discrimination and sexual harassment, including sexual assault, domestic violence, dating violence, and stalking. If you (or someone you know) has experienced or experiences any of these incidents, know that you are not alone. UNC Charlotte has staff members trained to support you in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, helping with civil protective orders, and more.

Please be aware that all UNC Charlotte employees, including faculty members, are expected to relay any information or reports of sexual misconduct they receive to the Title IX Coordinator. This means that if you tell me about a situation involving sexual harassment, sexual assault, dating violence, domestic violence, or stalking, I am expected to report the information to the Title IX Coordinator. Although I am expected to report the situation, you will still have options about how your case will be handled, including whether or not you wish to pursue a formal complaint. Our goal is to make sure you are aware of the range of options available to you and have access to the resources you need.
If you wish to speak to someone confidentially, you can contact the following on-campus resources, who are not required to report the incident to the Title IX Coordinator: (1) University Counseling Center (counselingcenter.uncc.edu, 7-0311); or (2) Student Health Center (studenthealth.uncc.edu, 7-7400). Additional information about your options is also available at titleix.uncc.edu under the “Students” tab.

All students are required to abide by the UNC Charlotte Sexual Harassment Policy and the policy on Responsible Use of University Computing and Electronic Communication Resources. Sexual harassment, as defined in the UNC Charlotte Sexual Harassment Policy, is prohibited, even when carried out through computers or other electronic communications systems, including course-based chat rooms or message boards.

**Non-Discrimination**

All students and the instructor are expected to engage with each other respectfully. Unwelcome conduct directed toward another person based upon that person’s actual or perceived race, actual or perceived gender, color, religion, age, national origin, ethnicity, disability, or veteran status, or for any other reason, may constitute a violation of University Policy 406, The Code of Student Responsibility. Any student suspected of engaging in such conduct will be referred to the Office of Student Conduct.

**Preferred Gender Pronouns**

This course affirms people of all gender expressions and gender identities. If you prefer to be called a different name than what is indicated on the class roster, please let me know. Feel free to correct me on your preferred gender pronoun. If you have any questions or concerns, please do not hesitate to contact me.

**Religious Accommodation for Students Policy**

The instructor will observe University Policy 409 (https://legal.uncc.edu/policies/up-409) on matters of religious accommodation. Please note that the procedure prescribed by this policy requires a notice to the instructor prior to the census date of the semester.

**Course Changes Disclaimer**

The Instructor reserves the right to change the course contents and schedule. Notice of such changes will be made by announcement in class and on the course canvas with adequate advance notice to students. It is students’ responsibility to keep up with any changes in the course schedule, contents, and policies by visiting Canvas regularly.

Additional policies, including academic credit hour, inclusion & diversity, disabilities accommodations, religious accommodations, adverse weather policies, and withdrawal deadline are described at https://provost.charlotte.edu/policies-procedures/academic-policies-and-procedures/academic-credit-hour.

**Copyright Ownership in Course Materials**

The lectures and course materials, including presentations, tests, exams, outlines, and similar materials, are protected by copyright. The instructor is the exclusive owner of copyright in those materials created by the instructor. You are encouraged to take notes and make copies of course materials for your own educational use. However, you may not, nor may you knowingly allow others to reproduce or distribute lecture notes and course materials publicly without express written consent of the instructor. This includes providing materials to commercial course material suppliers such as CourseHero, Chegg, and other similar services. Students who publicly distribute or display or help others publicly distribute or display copies or modified copies of an instructor's course materials may be in violation of University Policy 406, the Code of Student Responsibility.
# Tentative Class Schedule

*** This tentative schedule is subject to change ***
