Course grading

Course grade breakdown: Exams=60%; Class participation=10%; HR-in-the-news presentation=5%; Final paper=20%; Final presentation=5%

Exams

There will be three (3) in-class exams each worth twenty percent of your total grade (3 x 20% = 60%). These exams serve to ensure understanding of the principles and vital components of the HRM. In other words, the purpose of the exams is to make sure that when it comes to the final paper, you understand the concepts so that it can be applied to the topic.

Recommendations for doing well on exams

Buy the book.
Read the chapters before the corresponding lectures.
Read the chapters as many times as needed to understand fully all the technical vocabulary.
Attend class.
Study all of the lectures and assigned readings.
Start studying for the first exam on the first day of class spending several hours each week studying.
Ask questions when you do not understand something.
Final exam: Make-up (optional)

There is only one make-up exam given each semester, at the end of the semester. If you miss an exam, you may take the final exam as an optional make-up exam at the end of the semester. The make-up exam will be comprehensive.

Class participation

Please plan for synchronous class periods. Some of this class time will be reserved for lecture, large and small group discussion, team work, some time will be reserved for quizzes, or guest speakers.

Students should engage the material, instructor, and other students. You all have had some kind of work/organizational experience, and I strongly encourage you to volunteer comments whenever you see a connection between course material and your own experience. Your willingness to share your experiences makes the course more interesting and enjoyable for everyone.

Students’ responses to each questions on each participation assignment will be scored on a scale of 1-10 based on the following considerations derived from Bloom’s Taxonomy of Learning (the scale may be adjusted slightly for certain assignments):

The student answered the question thoroughly and provided sufficient detail. The student’s answer suggests that the student not only (1) remembers knowledge (i.e., remembers previously learned information) and (2) understands the material (i.e., demonstrates an understanding of the facts), but is able to (3) apply it (apply knowledge to actual situations), (4) analyze it (i.e., break down objects or ideas into simpler parts and find evidence to support generalizations), (5) synthesize it (i.e., compile component ideas into a new whole or propose alternative solutions), and (6) evaluate it (i.e., make and defend judgments based on internal evidence or external criteria) as is appropriate for the prompt.

Students should come to class prepared and ready to discuss the topic at hand. Engage the material, instructor, and other students. Many of you have had some kind of work/organizational experience, and I strongly encourage you to volunteer comments whenever you see a connection between course material and your own experience. Your willingness to share your experiences makes the course more interesting and enjoyable for everyone.

Students are expected to attend all classes. Students should notify the instructor if they plan to be absent from class so as to make-up any missed assignments. In-class assignments will be given periodically. In the event that a student misses class, they will have seven day to make-up any missed assignments or a zero will be assigned for the grade.
“HR in the news” presentation

To increase class discussion and help you see the “real-world” applications of HR topics, you must contribute to the discussion with 1 “HR in the news” presentation during the semester. The “HR in the news” articles must come from established online and/or printed outlets and must be HR-related (such as Business Week, Fortune, The New York Times, Washington Post, or Wall Street Journal). Students will be asked to give a short presentation describing/discussing the article in class.

To complete the assignment, students must submit power point slides to the professor via email at least one class period in advance of the day they are to present, and include a bibliographic citation and URL (when applicable). In class discussion and your summary you must explicitly state how the story relates to course concepts currently being covered (i.e., the specific chapter we’re on in class). Presentation grades will largely depend on the delivery of the content (e.g., the speaker has good voice control, volume, eye contact, and physical demeanor) as well as the actual content delivered (e.g., the topic is explained in appropriate detail, the speaker demonstrates an understanding of the topic and effectively communicates that knowledge to the audience).

The aim of this assignment is to (1) help students see the real world application of HR topics and (2) to practice oral presentation skills. Students will be assigned specific days to present which will be announced in advance. A rubric and example presentation will be posted online. More details will be provided on a separate handout.

**Presentations must be submitted via email the night before they are to be presented. Grades for presentations submitted the day of will be reduced by 10%.**

**Final paper and presentation: Subject Matter Expert (SME) Reports.** It is important that you be able to communicate your understanding of HR issues to others. Toward that end, you will do a SME report on a HR topic. You will be required to research a topic and conduct interviews with HR professionals and prepare a written report on that topic. This assignment will account for 25% of your course grade. Reports will be done in teams of two. More details will be provided on a separate handout.

**Attendance**
Students are expected to attend every class and remain in class for the duration of the session. Failure to attend the sessions or arriving late may impact your ability to achieve course objectives, which could affect your course grade. I understand that sometimes life happens especially given the current pandemic circumstances. If you miss any class I encourage you to review the module materials and complete any required work in a timely manner. An absence, excused or unexcused, does not relieve a student of any course requirement. Regular class attendance is a student’s obligation, as is a responsibility for all the work of class meetings, including discussions and written tasks. Any unexcused absence or excessive tardiness may result in an unsatisfactory (U) grade.
Expectations

The course policies described above require that you take responsibility for your own performance. I expect you to be professional, to stay informed about the progress of this class, and to complete assignments in a timely fashion. My commitment is to provide you with a useful experience and to give each student a fair opportunity to perform well in this course. If at any time you have concerns about your progress in this course, please see me. You are expected to read the book. I suggest that you read the assigned chapters multiple times. All lecture notes will be posted on Canvas. I suggest that you bring them to class.

COVID-19 Protection

It is the current policy of UNC Charlotte that as a condition of on-campus enrollment, all students are required to engage in safe behaviors to avoid the spread of COVID-19 in the 49er community. Such behaviors specifically include the requirement that all students properly wear CDC-compliant face coverings in all indoor spaces on campus, including classrooms and labs, regardless of vaccination status. Failure to comply with this policy in the classroom or lab may result in dismissal from the current class session. If the student refuses to leave the classroom or lab after being dismissed, the student may be referred to the Office of Student Conduct and Academic Integrity for charges under the Code of Student Responsibility.

COVID-19 Absenteeism

Students are expected to attend every class and remain in class for the duration of the session when it is safe to do so in accordance with university guidance regarding COVID-19. Failure to attend class or arriving late may impact your ability to achieve course objectives which could affect your course grade. An absence, excused or unexcused, does not relieve a student of any course requirement. Regular class attendance is a student’s obligation, as is a responsibility for all the work of class meetings, including tests and written tasks. Any unexcused absence or excessive tardiness may result in a loss of participation points.

Students are encouraged to work directly with their instructors regarding their absence(s). For absences related to COVID-19, please adhere to the following:

- **Complete your Niner Health Check** each morning.
- **Do not come to class if you are sick.** Please protect your health and the health of others by staying home. Contact your healthcare provider if you believe you are ill.
- **If you are sick:** If you test positive or are evaluated by a healthcare provider for symptoms of COVID-19, indicate so on your Niner Health Check to alert the University. Submit a copy of your Niner Health Check notification email to your instructors. Upon learning that you have tested positive or have been diagnosed for symptoms of COVID-19, either from your reporting or from Student health Center testing or diagnosis, representatives from Emergency Management and/or the Student Health Center will follow up with you, and your instructors will be notified of the need for accommodations, as necessary.
• **If you have been exposed** to COVID-19 positive individuals and/or have been notified to self-quarantine due to exposure, indicate so on your Niner Health Check to alert the University. Representatives from Emergency Management and/or the Student Health Center will follow up with you as necessary. Submit a copy of your Niner Health Check notification email to your instructors. If you need any additional support verifying your absence after you have communicated with your professors, contact Student Assistance and Support Services.

To return to class after being absent due to a period of **self-quarantine**, students should submit a copy of their Niner Health Check clearance email to their instructor(s). To return to class after being absent due to a COVID-19 **diagnosis**, students should submit an online request form to Student Assistance and Support Services (SASS). Supporting documentation can be attached directly to the request form and should be from a student's health care provider or the Student Health Center, clearly indicating the dates of absences and the date the student is able to return to class. Instructors will be notified of such absences.

If you are absent from class as a result of a COVID-19 diagnosis or quarantine, as instructor I will do the following to help you continue to make progress in the course: [INSERT PLAN HERE. E.G. PROVIDE REMOTE LEARNING OPTIONS AND ASSIGNMENTS ON A CASE-BY-BASE BASIS]. The final decision for approval of all absences and missed work is determined by the instructor.

**Mental Wellness**
It is common for college students to experience challenges that may interfere with academic success such as academic stress, sleep problems, juggling responsibilities, life events, relationship concerns, or feelings of anxiety, hopelessness, or depression. If you or a friend is struggling, we strongly encourage you to seek support. Helpful, effective resources are available on campus at no additional cost.

• Visit the Counseling and Psychological Services website at caps.uncc.edu for information about the broad range of confidential on-campus mental health services, online health assessments, hours, and additional information.
• Call CAPS at (704) 687-0311 if interested in scheduling an appointment with a counselor. After-hours crisis support is also available through this phone number.

**Withdrawal from a Class**
You are expected to complete all courses for which you are registered at the close of the add/drop period. If you are concerned about your ability to succeed in this course, it is important to make an appointment to speak with me as soon as possible. We can work on a plan together to ensure your success if at all possible. The University policy on withdrawal allows students only a limited number of opportunities available to withdraw from courses. It is important for you to understand the financial and academic consequences that may result from course withdrawal.
Non-discrimination in the classroom

All students and the instructor are expected to engage with each other respectfully. Unwelcome conduct directed toward another person based upon that person’s actual or perceived race, actual or perceived gender, color, religion, age, national origin, ethnicity, disability, or veteran status, or for any other reason, may constitute a violation of University Policy 406, The Code of Student Responsibility. Any student suspected of engaging in such conduct will be referred to the Office of Student Conduct.

Although I have to report the situation, you will still have options about how your case will be handled, including whether or not you wish to pursue a formal complaint. Our goal is to make sure you are aware of the range of options available to you and have access to the resources you need.

What is NinerCare? https://ninercare.uncc.edu/

NinerCare is a network designed to bring together information in order to identify students who have demonstrated behavior of concern to members of the UNC Charlotte community. This network also allows UNC Charlotte staff and faculty to investigate and then determine if an identified student poses a potential threat to self, others, or the UNC Charlotte community. NinerCare helps to develop an objective, coordinated action plan to collect information, assist the student and protect the University community.

How Do I Tell Someone?
- If a student exhibits behavior that indicates an IMMEDIATE DANGER to self or others, call 911 or UNC Charlotte Police and Public Safety at 704-687-2200.
- If a student exhibits disturbing behavior or is disruptive, contact the Dean of Students Office at incidentreport.uncc.edu or 704-687-0345.
- If a student is exhibiting behavior that suggests psychological problems and you seek guidance on how to understand or respond to the behavior, contact the Counseling Center at 704-687-0311.
Diversity and inclusion

The Belk College of Business strives to create an inclusive academic climate in which the dignity of all individuals is respected and maintained. Therefore, we celebrate diversity that includes, but is not limited to ability/disability, age, culture, ethnicity, gender, language, race, religion, sexual orientation, and socio-economic status.

This is a learning environment in which differing opinions are often based on differing experiences, upbringing and beliefs. We can learn from each other as you prepare to be part of a global workforce; take advantage now in the classroom on in your campus experience to see all sides of an issue, meet all types of people, even if it means you must move out of your comfort zone to do so. Sometimes the best way to do this is to listen rather than speak, open your mind, observe, and consider all that you can absorb.

Academic Integrity

Students are responsible to know and observe the requirements of The UNC Charlotte Code of Student Academic Integrity. This code forbids cheating, fabrication or falsification of information, multiple submissions of academic work, plagiarism, abuse of academic materials, and complicity in academic dishonesty.

The UNC Charlotte Code of Student Academic Integrity governs the responsibility of students to maintain integrity in academic work, defines violations of the standards, describes procedures for handling alleged violations of the standards, and lists applicable penalties. The following conduct is prohibited in that Code as violating those standards:

A. Cheating. Intentionally using or attempting to use unauthorized materials, information, notes, study aids or other devices in any academic exercise. This definition includes unauthorized communication of information during an academic exercise.

B. Fabrication and Falsification. Intentional and unauthorized alteration or invention of any information or citation in an academic exercise. Falsification is a matter of altering information, while fabrication is a matter of inventing or counterfeiting information for use in any academic exercise.

C. Multiple Submission. The submission of substantial portions of the same academic work (including oral reports) for credit more than once without authorization.

D. Plagiarism. Intentionally or knowingly presenting the work of another as one's own (i.e., without proper acknowledgment of the source). The sole exception to the requirement of acknowledging sources is when the ideas, information, etc., are common knowledge.

E. Abuse of Academic Materials. Intentionally or knowingly destroying, stealing, or making inaccessible library or other academic resource material.
F. Complicity in Academic Dishonesty. Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

Academic evaluations in this course include a judgment that the student’s work is free from academic dishonesty of any type; and grades in this course will be adversely affected by academic dishonesty. Students who violate the code can be expelled from UNCC. The normal penalty for a first offense is zero credit on the work involving dishonesty and further reduction of the course grade. In almost all cases, the course grade is reduced to F.

When no formal announcement has been made that the University will be closed or classes cancelled, but an individual student, faculty member, or other employee determines that observing the normal schedule would require hazardous travel, and acts on that determination, the following policies shall apply: a. Students may be allowed to make up the absences, at the discretion of the instructor;
