MKTG3000-001: Mobile Marketing and Analytics

Fall 2013, M/W 11:00am to 12:15 pm, Room 106 Friday Building

Taught by Dr. Jared Hansen, jared.hansen@uncc.edu

Fall 2013 Office Hours: W 10:00 am to 11:00 am @ Room 250B Friday Building, T 5:00 pm to 5:30 pm @ Room 801 Center City Building, or by appointment.

Course Description and Objectives: Mobile marketing and analytics is a very new topic that is generating a lot of excitement and buzz in industry, and companies are searching for employees who understand the opportunities related to mobile marketing. This course discusses the potential unique opportunities of mobile marketing and what companies need to do to succeed. The objectives of this course include an understanding of:
• marketing strategy as it relates to mobile platforms, architecture, and security.
• how to develop an integrated mobile marketing campaign
• global mobile marketing strategy and emerging market opportunities
• app strategy vs. ad strategy
• mobile payments and mCommerce
• business mobile gaming and social media opportunities
• working with mobile ‘big data’ and market segments
• analyzing mobile data
• the future of mobile

Teaching Method: The instruction will occur through lectures, guest presentations, case discussions and projects.

Pre-requisite: Marketing Management, or taken concurrently with Marketing Management

Credit Hours: This is a 3 credit hour course.

Text/Reading: Students will not need to purchase any reading materials. Short-length readings (in PDF, MS Word, or via hyperlinks) from business journals, texts, and industry trade reports, etc., will be posted electronically on the class moodle page (at least) seven days in advance of each class session.

Grading: The final grade will be determined on the following weights:
- Class assignments: 100 points
- Examinations (best 3 @ 225 each): 675 points
- Term Project: 225 points
- Total: 1000 points
By attending class beyond the first week, students agree to follow the framework and rules related to this course that is described above. Final grades will be based on the following totals:
(totals include bonus points)

**Academic Integrity:** Students have the responsibility to know and observe the requirements of The UNC Charlotte Code of Student Academic Integrity. This code forbids cheating, fabrication or falsification of information, multiple submissions of academic work, plagiarism, abuse of academic materials, and complicity in academic dishonesty. Any special requirements or permission regarding academic integrity in this course will be stated by the instructor, and are binding on the students. Academic evaluations in this course include a judgment that the student's work is free from academic dishonesty of any type, and grades in this course therefore should be and will be adversely affected by academic dishonesty. Students who violate the code can be expelled from UNC Charlotte. The normal penalty for a first offense is zero credit on the work involving dishonesty and further substantial reduction of the course grade. In almost all cases the course grade is reduced to F. Copies of the code can be obtained from the Dean of Students Office. Standards of academic integrity will be enforced in this course. Students are expected to report cases of academic dishonesty to the course instructor.

**Statement on Diversity:** The Belk College of Business strives to create an inclusive academic climate in which the dignity of all individuals is respected and maintained. We celebrate diversity that is beneficial to both companies and society at large.

**Participation:** Disrespectful or disturbing behavior of students during class time will have a negative impact on the class participation grade. Students are strongly encouraged to actively share their views in class discussions. The participation grade is determined by class and team involvement. For instance, students that simply attend classes, but do not participate in class discussions will not be awarded a maximum participation grade. Students who miss class will also not be awarded a maximum participation grade. Students are expected to attend all class meetings during the semester.

**Inclement Weather:** University Policy Statement #13. The University is open unless the Chancellor announces that the University is closed. The inclement weather hotline number to call is 704-786-2877. *In the event of inclement weather, check your email the morning of class.* The instructor will use his best judgment as to whether class should be held understanding that some of you commute from far away and the instructor will notify you by email if class is cancelled.

**Other Notes:**
Students are responsible for being informed about all announcements made in class and on the class webpage. Students should check the webpage throughout the semester.
The instructor will discuss grades only in person (and not via telephone or e-mail) and only with the student (not with parents, etc); student e-mails other than related to class content may not be answered by the instructor.

The instructor may modify the class schedule during the course of the semester depending upon the progress of the class. Thus, students are encouraged to *not* plan on missing normally scheduled class sessions—*as exam timing may shift class sessions during the semester depending on the rate of class progress* (e.g., if there is a need to spend additional class sessions on a topic, etc.).

**Tentative Course Schedule:** Will be available on the course moodle page
