

Carole Bernard is currently professor of finance at Grenoble School of Management in France. She graduated from Ecole Normale Supérieure de Cachan (France) in 2003 and obtained her Ph.D. in Finance from the Institute of Financial and Actuarial Sciences in Lyon (France) in 2005. She has then been working at the University of Waterloo in Canada from 2006 to December 2014.

Her research interests are in finance, insurance and theoretical economics. Carole has published articles in leading international journals, such as *Journal of Risk and Insurance*, *Journal of Banking and Finance*, *Journal of Economics Dynamics and Control*, *European Journal of Operational Research*, *Mathematical Finance* and *Journal of Mathematical Economics* among others. Some of her papers have received awards such as the 2006 NAAJ (North American Actuarial Journal) best paper award, the 2011 EGRIE (European Group of Risk and Insurance Economics) Young Economist Best Paper Award, the 2012 Johan de Witt prize from the Dutch Actuarial Society and the 2014 PRMIA award for Frontiers in Risk Management Award. She is currently associate editor of the *Journal of Risk and Insurance* and of the *SIAM Journal on Financial Mathematics*.
